Insurance Co: _____

Special Instructions: _____

Roofing Giant agrees to meet with Owner's insurance representative to discuss the specific damage, which Owner's property has suffered from the hail and wind storm. Roofing Giant also agrees to discuss with the insurance representative the Scope of Work, which Roofing Giant recommends in order to return Owner's roof and property to its pre-damaged condition.

When the price of Scope of Work agreeable to the Insurance Company and Contractor is determined, it shall become the total contract price of Insurance proceeds with **no additional cost to the Property Owner (s) except the deductible** or any upgrades selected by the Property Owner. Upon the work being approved by the insurance company, the Property Owner and Roofing Giant shall enter into a building contract for the Scope of Work approved by the insurance company. The final fair market price agreed upon between the insurance company and Roofing Giant is the final contract price that is known as the full scope of insurance proceeds.

By signing this agreement the Owner authorizes Roofing Giant to pursue Owner's best interest for all approved by insurance company repairs.

This agreement is **CONTINGENT UPON INSURANCE APPROVAL**. This agreement is for the full scope of the insurance proceeds and does not obligate the Owner to Roofing Giant unless Owner's insurance company approves repairs.

The Owner understands and acknowledges that Roofing Giant is not being hired as a Public Adjuster and does not provide public adjusting services to its customers.
